Open Education Resources: evaluation checklist

Notes:

The video is clear and shows the essential parts of the electronic register in a sufficiently exhaustive way. However, the video was produced with the Camtasia trial version, therefore the Camtasia watermark is imprinted throughout the video.

ACCESSIBILITY

Is the OER free? Is it easy to access from the web? Is it possible to download it? Is it possible to edit it? Is it possible to convert it to another format?

Score:

3

Notes:

The video is accessible free of charge from YouTube and can be downloaded using special software.

ENGAGEMENT

How attractive is the OER to a learner? It's interesting? Does it catch the attention or is it boring?

Score:

1

Notes:

The video is not particularly engaging, but the contents are crucial.

ADA COMPLIANCE

Is the OER accessible for disabled people? If text, is a screen reader accessible and easy to use? If video/audio, is closed captioned or transcripts available?

Score:

3

Notes:

The video features closed captions and transcripts that aid listening for people with hearing impairments.

TOTAL SCORE: 14/18

Final and general comment:

The video is certainly significant for the purposes of our course. It is not particularly engaging and has some errors in the language, but the contents are correct, up to date and important.
