QUALITY

Consider the technical quality of the OER in terms of graphic layout, audio/video quality, clarity of exposition.

Open Education Resources: evaluation checklist

Score:		2		

Notes:	The graphic quality is decent, but it is evident that it is not the work of a professional graphic designer.			

ACCESSIBILITY

Is the OER free? Is it easy to access from the web? Is it possible to download it? Is it possible to edit it? Is it possible to convert it to another format?

Score:		2		

Notes:	The flyer is easily accessible from the internet and free. it can be downloaded in PDF format and therefore can only be converted with suitable software.			

ENGAGEMENT

How attractive is the OER to a learner? It's interesting? Does it catch the attention or is it boring?

Score:		2		

Notes:	The flyer is designed to capture the viewer's attention. However, engaging is not the main objective of this flyer, which is to communicate essential information about the course.			

ADA COMPLIANCE

Is the OER accessible for disabled people? If text, is a screen reader accessible and easy to use? If video/audio, is closed captioned or transcripts available?

Score:	3			

Notes:	The flyer was designed with respect for the needs of disabled people in mind, and therefore trying to respect inclusive visual design criteria.			

TOTAL SCORE: 15/18

Final and general comment:	In general, the OER is good: it presents important and accurate information, it is well structured and it tries to respect the necessary accessibility and inclusiveness criteria.
